Comment: Hi,

I disapprove of EWC being sold to Suez. This will bring huge increases to our cost for water. Please deny this sale.

Comment: Please do not allow the purchase of Eagle Water Co to Suez. The proposed rate increases are ridiculous. I love living in the City of Eagle but this purchase would make me seriously consider moving out of this location. The benefits outlined to the consumers by Suez do not justify the drastic increase in prices. I have lived in Eagle for over 10 years and have never had any issues with the service provided by Eagle Water Co. I have heard several complaints from others regarding the service they receive from Suez.

Comment: The step increase of proposed prices from Suez is extravagant and I would hope you consider the effect this will have on the current and future residence. This will affect the affordability of families who currently live or are looking to live in this city.

Comment: Pursuant to the notice received by my client, SP Management LLC, we are concerned with the notice of Suez acquiring out current provider (Eagle Water Co.). The proposed rate increase of 303% for commercial water services is excessive. These charges will be passed through to our small businesses as part of their common area maintenance charges (CAM). How do they justify such a large increase? Given the the proposed monthly rate increase tripling we OPPOSE this acquisition.
