Ammon, ID 83406

Name of Utility Company: Falls Water

Case ID: FLS-W-23-01

Comment: "Dear Public Utility Commission,

Falls Water has requested nearly a 50% increase with a stated profit of around 7%. I've heard that Rockwell Homes purchased Falls Water and that is why the rates are increasing. Regardless of that, utilities tend to have lower rates of return because they have a guaranteed customer base. It seems that utilities tend to have rates of return in the 3% range. This request for increase seems like it is over the top and miss-managed.

Thank you,

Ben Baker"
