NEWS RELEASE CORRECTION: Commission will host workshop on Nov. 15 regarding Gem State Water application to change rates

News Directors, Editors: The press release below is being corrected to reflect an effective date of Sept. 1, 2022, and not a retroactive date. The correction is in the fifth paragraph.

BOISE (Nov. 10, 2022) – The Idaho Public Utilities Commission is holding a public workshop on Nov. 15 to share information regarding an application from Gem State Water Company to change its rates for water service.

The workshop will be held from 6:00 p.m. to 9:00 p.m. Pacific Time at the Molstead Library building's Todd Lecture Hall on the North Idaho College Campus, 1000 West Garden Avenue, Coeur d'Alene.

If the application is approved by the commission, monthly rates for customers would change based on the diameter of their water meter and the water system they belong to. For example, Spirit Lake

East customers (including customers formerly of the Lynnwood Estates Subdivision, would see a monthly increase from \$25.55 to \$35.00. Bar Circle "S" customers (including customers formerly of Diamond Bar), would see a decrease from \$41.00 per month to \$35.00 per month.

This is the first general rate case for Gem State Water. The utility consists of Bitterroot Water Company, Bar Circle "S" Water Company, Spirit Lake East Water, Happy Valley Water Systems, Troy Hoffman Water Corporation, Diamond Bar Estates and Lynnwood Estates Subdivision. Rate increases were approved for individual companies from 2006 through 2019.

Gem State requested an effective date of Sept. 1, 2022. This was suspended by Order No. 35498, which said the proposed rate changes were suspended for 30 days plus five months or until the public utilities commission issues an earlier order accepting, rejecting, or modifying the proposed rate changes.

The rate changes would increase Gem State's revenue by \$402,000, which represents an increase of 69.9 percent. The public utilities commission may approve, reject, or modify the proposed

rates and charges and may find rates and charges different from those proposed are just, fair and reasonable.

Written comments on Gem State's application are being accepted until Jan. 11, 2023. Comments are required to be filed by e-mail unless e-mail is unavailable. To submit comments via e-mail, please visit the commission's webpage at puc.idaho.gov. Click on the "Case Comment Form" link toward the top left of the page. Please use case number GSW-W-22-01 when filling out the form. Any comments should also be sent to Gem State Water at the e-mail addresses listed below. If e-mail is unavailable, comments may be mailed to the commission and Gem State Water at these addresses:
