RE: IN THE MATTER OF NORTH STAR WATER, LLC'S APPLICATION
FOR A CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY;
CASE NO. NSW-W-21-01.

On May 26, 2021, North Star Water, LLC ("North Star" or "Company") applied to the Idaho Public Utilities Commission ("Commission") for a Certificate of Public Convenience and Necessity ("CPCN") to provide water-related services as a public utility in Idaho. The Company also requested that the Commission set rates for the water services the Company sought to deliver to the public.

On April 22, 2022, the Commission issued Order No. 35323 granting North Star CPCN No. 535; setting rates and terms; and ordering the Company to submit conforming tariffs, a sample bill, and sample disconnection notices.

On August 9, 2022, the Company submitted its proposed tariffs, a sample bill, and a sample disconnection notice. Staff has reviewed the Company's proposed tariffs and Staff believes the tariffs comply with the rates outlined in Order No. 35323.

STAFF RECOMMENDATION

Staff recommends the Commission approve the tariffs submitted by the Company on August 9, 2022, with an immediate effective date.

COMMISSION DECISION

Does the Commission wish to approve the tariffs submitted by the Company on August 9, 2022, with an immediate effective date?
