Name of Utility Company: Eagle Water Company, INC

Comment: My current concern is regarding the communicated intention of Suez to purchase Eagle Water Company, Inc. I recently received correspondence regarding this potential transaction and it concerns me that my water will be controlled by Suez. I have previously received services from Suez and feel that the quality of the water me and my family currently receive will be negatively affected. This transaction will not only affect the quality of this basic and essential resource but also have a substantial economic impact to our household. I as well as many of my neighbors are concerned regarding this transaction. It appears that potentially via a petition or legal filings will be the option for us the customers of Eagle Water Company, Inc. It is important as the representative of my household that it be on record my concerns. I look forward to receiving communication regarding this transaction.

Kind Regards,

Melissa B. Gorozpe

Comment: I do not agree with Suez water purchasing Eagle water Company and raising the price 200%. This is absurd.
