Eagle Idaho, 83616

Name of Utility Company: Eagle water company
Comment: I am writing to voice my disagreement with selling the eagle water company to 1) a foreign interest, 2) a company that will raise our rates significantly, 3) Distribute Eagle water outside the city. None of this makes sense. It seems a simple task to find a buyer that will represent the residents of Eagle.

Name of Utility Company: Suez

Comment: Having been informed that the for profit Suez water company intends to take over the water utility in Eagle, Idaho. Having been a customer of Suez once before I can state unequivocally that Suez is a terrible provider. Very poor customer service and water that is over chemicalized, and excessive rates. This coupled with the fact they intend to divert water away from Eagle to support a proposed development in NW Boise. I've been a satisfied customer for over 20 years and I would like to propose that we keep ownership local by authorizing the City of Eagle to float a bond for purchasing the water utility. Suez is a French based multi-national corporation and selling our water system to them does not keep utilities close to home. I would strongly urge the Idaho PUC take a closer look at what I think is a dreadful decision to allow SUEZ to purchase our water system.

Name of Utility Company: Eagle Water Company

Comment: I do not want Eagle Water Company to be sold to Suez Water. It is my understanding from reading up on Suez Water that once they purchase a water company they immediately increase the price substantially not to mention their customer service needs improvement. I support Eagle Water Company being sold to the City of Eagle.
