Comment: "I do not support the sale of Eagle Water to Sues. It is vital to maintain local control of the water system. This said will erode water quality and result an increase of water rates. This will hit our residents on income hardest. Please retain local control and do not approve this sale. "

Comment: "I am against the sale of Eagle Water Co to Suez. Please do not allow the sale of Eagle Water to Suez to go through. We need to protect our precious resources and maintain local control and not give control to a foreign organization. Price, service and quality will be forever compromised. Please vote NO to Suez. Please do not make the mistake of selling to Suez. It would be detrimental to our health, raise prices for sub-par water, decrease quality of our water. "
