Comment: "Dear PUC, I oppose the sale of Eagle Water Company to Suez. The magnitude of the rate increase is prohibitive. Our bills will skyrocket quickly and especially those on fixed incomes will struggle to the point of hardship. With increases occurring on all fronts in our economy, our water bills should not be subjected to a significant increase that will occur over future years. Also, we lose local control of our precious water to a company who has a reputation of poor customer service, poor maintenance, and managing from afar. There are other options available than Suez. Please reconsider the sale to Suez and find a different, viable, and reasonable solution that benefits Eagle customers and not allow a huge, foreign company to inflict exorbitant price increases and hardship for many in the community. Thank you, Sue Pellant"

Comment: "I REJECT Suez attempt to Buy Eagle Water. As a property investor/manager in Boise and Eagle, I have seen FIRST HAND, how the take over of Boise Water by Suez, has resulted in Terrible Customer Service and Very High Increase of Water Prices to Boise Customers. Keep FOREIGN owned companies OUT of Idaho Property owners! This is another Sell OUT attempt, to take over and to destroy what is remaining of our Great Nation. "

Comment: "Do the citizens of Treasure Valley realize that their water source is controlled by a French corporation with tentacles controlling more and more of this planet's water? Garden City owns its water and I'm happy to pay for it! "
