Comment: "With Regard To case SUZ-W-20-02, wherein Suez wishes to raise rates by 22%: I am greatly opposed to such an increase. I have just received the largest water bill from Suez in my history as a customer, and I can only imagine what it would have been had this increase gone through. I was completely shocked at the unexpected bill. I think Suez needs to seriously look at alternative ways of billing, in some cases, to obtain the additional revenue, that specifically does not put this large a burden on it's customers (particularly in theses times).  
Regards, Pat Klocke"
