Comment: "RE: Suez Water rate request: I am strongly opposed to the request for a rate increase by SUEZ Water. I feel it is too large of a request. I have perused their application for the rate increase and am really unhappy with the amounts requested. They should ask for much less of an increase over several years rather than the big increase. I know they have asked for such a large increase knowing that the PUC would give them part of the increase. I think the request and SUEZ should be totally denied. SUEZ should begin the process anew with a reasonable request. Thank You Terry Monasterio"
