Name of Utility Company: SUEZ Water

Case ID: SUZ-W-20-02

Comment: "Regarding SUEZ Water's general rate case, while I agree these improvements would benefit the community in the long run, I believe this large of a rate increase at this time is unwarranted. In my instance, my water rates could increase by 29% a month. Our economy is still in the early stages of recovering from COVID-19, and I believe this increase will be too much of a hardship for the citizens and businesses. I would suggest a smaller increase of 8-10% now for the most urgent improvements and then another 10% increase in 4-5 years."
