Attorneys For Schweitzer Water Company

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF APPLICATION OF
SCHWEITZER WATER COMPANY FOR
APPROVAL OF ACQUISITION OF THE
ASSETS OF RESORT WATER CO. INC.
AND FOR THE ISSUANCE OF A
CERTIFICATE OF PUBLIC
CONVENIENCE AND NECESSITY

Case No. SWC-W-23-01

SCHWEITZER WATER COMPANY'S
SUPPLEMENT TO APPLICATION

Schweitzer Water Company (the "Company") hereby respectfully submits to the Idaho Public Utilities Commission (the "Commission") this supplement to its Application filed in the above-referenced case. This supplement is intended to request additional relief from the Commission under the application and provide additional information or clarification on matters contained in the Company's original Application.

INTRODUCTION

The Company filed the Application on December 27, 2023, wherein it specifically requested that the Commission grant a new Certificate of Public Convenience and Necessity

(“CPCN”) to the Company that authorizes water service to the areas served by Resort Water Company, Inc. (“Resort Water”). *See* Application, p. 8. As described in the Application and subsequent Company filings in response to production requests from Commission staff, the Company is seeking approval of the acquisition of the assets of Resort Water, who operated two water supply and distribution systems: (1) the Resort Water system (“Resort System”) owned and operated by Resort Water pursuant to CPCN No. 445 and (2) the “Ridge System” previously owned and operated by Acme Water Works, Inc. under CPCN No. 518, which was subsequently transferred to Resort Water and operated by Resort Water since that date without amendment to or cancellation of CPCN No. 518. *See* Application, pp.4–5. The Company did not request cancellation of CPCN Nos. 445 or 518 in its Application.

REQUEST TO CANCEL CPCN NOS. 445 AND 518

In order to provide more clarity regarding the water utility responsible for providing water service to the Resort System and Ridge System and to reflect the unity of service to these two systems under one CPCN, the Company respectfully requests that, in addition to the relief requested in the Application, the Commission cancel CPCN Nos. 445 and 518 upon issuance of a new CPCN to the Company.

ADDITIONAL INFORMATION

In addition, since the filing of the Application, Commission staff has notified the Company that the legal description of the service areas for the Resort System and Ridge Systems described in the Company’s Application do not appear to mirror the legal descriptions of the service areas under CPCN Nos. 445 or 518. The Company is currently working on clarifying the

legal description of the service areas and will provide them to the Commission as soon as possible.

Finally, Commission staff has requested that the Company revise the Customer Notice sent by the Company to the customers of Resort Water to fully comply with the notice requirements of IDAPA 31.01.01.125. The Company will provide a draft revised notice to Commission staff to review for approval. After approval of the form of the new customer notice, the Company will send the revised notice to all customers.

Dated: March 20, 2024.
