Comment: "I would like to request a local public hearing on this case as there many customers of this water utility that would like to participate in the process. I am also hopeful that this process will result in a forensic audit of the water utility. "

Comment: "To whom it may concern,
My wife and I live in Blanchard Idaho. We would like to request a public hearing in the Stoneridge area regarding the water rate hikes. We respectfully request that the IPUC perform an audit of this water utility to verify how it is being managed.

The proposed water rate increases are way above and beyond any normal rate increases. How is this justified?

Respectfully James and Elizabeth Whiteaker"

Case ID: SWS-W-24-01

Comment: "We are asking if the IPUC would consider holding a public hearing to address the exorbitant rate increase requested by Stoneridge Utilities. Stoneridge Utilities states they have invested over \$900,000 into the water system and as water users of Stoneridge Utilities we would like IPUC to look into this claim. Then hold a public hearing to discuss their findings as well as allowing the water users to have their voices heard.

Thank you for you consideration. "
