IDAHO PUBLIC
UTILITIES COMMISSION

RE: Case #SWS-W-24-01

We are writing to request a public hearing on the issues of the proposed water rate increased in Blanchard Idaho.

We own two lots. One has a house on it and the other was for a potential spec home. With the proposed rate increases it will be impossible for us to ever build on the other property that we own, not to say that being on a fixed income the increase will cause a major impact on your month-to-month bills.

We request that not only you have a public hearing but that as a state agency the water quality is controlled.

Sincerely,

Charles and Kathleen Cook
