BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE APPLICATION)	CASE NO. VEO-W-22-02
OF VEOLIA WATER IDAHO, INC. FOR)	
AUTHORITY TO INCREASE ITS RATES)	APPLICATION
AND CHARGES FOR WATER SERVICE IN)	
THE STATE OF IDAHO)	
)	
)	
)	

Veolia Water Idaho, Inc., (“Veolia,” “Applicant,” or “Company”) hereby moves the Idaho Public Utilities Commission (“Commission”) requesting an Order approving revisions to Applicant’s schedules of rates and charges for water service in the State of Idaho to become effective on or after October 31, 2022.

I.

Applicant is a public utility water corporation within the meaning of the Idaho Public Utility Law, is duly organized and existing under the laws of the State of Idaho and is engaged in conducting a general water business in and about Boise City, Ada County, Idaho, having its principal office and place of business at 8248 West Victory Road, Boise, Idaho. A certified copy of Applicant’s Articles of Incorporation, together with all amendments to date, is on file with the Commission, along with Applicant’s most recent annual report. Applicant’s current Certificate is Amended Certificate No. 143.

II.

Veolia has been providing water service to the public in Boise City and surrounding areas for more than 100 years. Currently, Veolia provides service to approximately 105,000 customers within Ada County, Idaho.

III.

Veolia's operations, and rates and charges for service have been reviewed in several rate proceedings before the Commission, most recently, two years ago in Case No. SUZ-W-20-02.

IV.

Attached hereto as Attachment 1 are copies of Applicant's Schedule Number 1, General Metered Service; Schedule Number 1B, Flat Rate Service; Schedule Number 2, Public Hydrants and Street Sprinkling; Schedule Number 3, Private Fire Sprinkling and Service; and Schedule Number 4, Private Fire Hydrant Service, containing the rates under which water service is currently rendered and charged to Applicant's customers.

V.

Attached hereto as Attachment 2 are copies of Applicant's new proposed Schedule Numbers 1, 1B, 2, 3 and 4 setting forth charges to be made to Applicant's customers rates on and after October 31, 2022.

VI.

Applicant proposes to increase rates by \$12,107,227. This represents an overall average increase of 23.4% over Veolia's rates as approved by the Commission in 2020.

Veolia submits that the proposed changes in rates and charges set forth on Attachment 2 are just and reasonable. The expected rate of return under the revised rates and charges will be 7.77%, which is a fair rate of return on Veolia's investment in property used and useful in rendering water service.

VII.

The revenue realized by Applicant under its presently authorized rates produces a rate of return of 4.59% based on a historical year ending June 30, 2022. Applicant seeks additional revenues to recover increased operating expenses and costs associated with plant additions, and to produce a fair rate of return, thereby enabling it to continue to provide adequate and reliable service to its customers.

VIII.

Applicant is proposing a revision to its Rules and Regulations Governing the Rendering of Water Service to reflect the name change from Suez Water Idaho Inc. to Veolia Water Idaho, Inc., to eliminate 1 1/4-inch meters reference from the tariff, and to revise the service line connection from one-inch or smaller to two-inch or smaller according to NFPA 13D standards as discussed in the testimony of Marshall Thompson. The applicant is also proposing to implement a Distribution System Improvement Charge as discussed in the testimony of James Cagle.

IX.

Applicant is filing concurrently herewith Direct Testimony of Marshall Thompson, Harold Walker III, Timothy Michaelson, Jarmila Cary, David Njuguna, Catherine Cooper, Matthew Kahn, James Cagle, Ann Bui, Mohammed Zerhouni and Michael Wilson, and Exhibit 1 through Exhibit 14. These Exhibits include financial statements, revenue analysis, analysis of cost of service, and supporting work papers that justify and support the proposed increase.

X.

Applicant proposes to implement the requested increase in revenue by a uniform percentage increase to all rate elements, except for private fire rates which would see no increase as outlined in the Testimony of Timothy Michaelson and supported by the results of the cost of service analysis further explained in the Testimony of Ann Bui.

XI.

Notice to Veolia's customers is being accomplished by news media releases simultaneously with the filing of this Application and by an individual notice mailed to each customer. Copies of the press release and customer notice are attached to this Application as Attachment 3. In addition, a copy of the Application and Applicant's present and proposed rate schedules are available for public inspection at its office at 8248 West Victory Road, Boise, Idaho at any time during office hours. The Application will be available on the Commission's website at www.puc.idaho.gov. Customers may also subscribe to the Commission's RSS feed to receive periodic updates.

XII.

Applicant stands ready for an immediate hearing on this Application and requests that a hearing be held as soon as possible.

XIII.

Communications in reference to this Application should be addressed to:

Veolia respectfully requests:

1. That this Application be heard and acted upon at the earliest possible date,
2. That the Commission find that the Applicant's existing rates are unjust, unreasonable and insufficient to provide Applicant with a fair rate of return and that the revised rates and charges proposed in Attachment 2 of this Application are just and reasonable and that Applicant be permitted to charge said rates to its customers, effective October 31, 2022.
3. That the Commission grant such other and further relief as the Commission may determine proper in the circumstances.

DATED: September 30, 2022.

SCHEDULE NO. 1C
BRIAN SUBDIVISION SURCHARGE

To all metered customers, who were previously customers of Brian Subdivision Water Users Association Inc., located in the Brian Subdivision, Ada County, Idaho.

Surcharge Amount

A bi-monthly surcharge in the amount of \$141.35 will be billed every other month unless the customer is enrolled in Budget Billing. Budget Billing customers will be billed \$70.67 monthly. The surcharge is in addition to charges for water service as specified in Schedule No. 1, General Metered Service and other applicable charges.

Conditions of Contract:

The surcharge set forth above shall take effect in the first billing period following the customer's connection to the Company's distribution system, computation of final project costs, and approval by the Idaho Public Utilities Commission. The surcharge shall continue for a period of ten (10) years until November 12, 2028.

The surcharge shall attach to the customer service address and payment thereof shall be the responsibility of subsequent customers taking service at that address.

The Company shall not propose to change the surcharge amount, terms or conditions in subsequent general rate proceedings.

In lieu of the surcharge, a customer may elect to pay a single lump sum payment equal to the NPV of the surcharge amount owed at the time of election. The lump sum amount must be paid within thirty (30) days of the customer's election and shall be irrevocable.
