Please describe your comment briefly:

I, being retired on a fixed income am having a very hard time making ends meet as it is. A rate hike without an increase in my income will likely put me under and will force me to decide which utility I will have to stop paying in order to keep my electricity on.

Please! No rate hike.

Please DENY Avista's absurdly high rate increase request for electric and natural gas. This company MUST be required to cut expenses just like other companies during tough economic times.

The outrageous salaries of Scott Morris and his multi-layered VP's are the perfect place to start.
