E-Mail: chukadee@cableone.net

Company: Idaho Power
mailing_list_yes_no: yes

Comment_description: I have never submitted negative comments when Idaho Power asked for rate increases. I am aware of the drought problems in Idaho, but I am a retired person who is on a fixed income, and I cannot understand why a rate increase would be granted to cover a portion of their federal income tax expense. I don't see anyone "paying a portion" of my income tax expense! I would respectfully ask that you deny this portion of any rate increase.

Thank you for your consideration and I would ask to be kept up to date on this issue.
