Please describe your comment briefly:

I would like to express my opposition to Idaho Power's request to pay Dynamic Energy for their trash to Energy project. While there is nothing wrong with paying for the electricity, I understand the proposal rate is more than twice the going rate for electricity. This appears to be very misguided. It seems that Idaho Power's request is somewhat tainted by the pressure of the Ada County Commissioners. The decision should be based on the economic good of the tax payer and not politics. I urge you to deny the request.
