STATE PUBLIC UTILITY COMMISSION

To the State Public Utility Commission Concerning CASE NO.PAC-E-07-05

Honorable State Public Utility Commissioners I Timothy Shurtz would like to petition for intervention in the following case # PAC-E-07-05 Rocky Mountain Power / Pacific corp. general rate for the following reasons.

As customer of Rocky Mountain Power any change in rates will impact me personally and as a city council member I introduced the motion and voted for granting then Utah power a long term sole franchise to provide power to the City of Firth.

I look forward to working with you, your staff, other intervenors and Rocky Mountain Power to resolve this rate case with a fair conclusion to all parties. I also do not intend to expand on any issues not directly connected to this case again I would personally like to thank you for your service on my behalf and your consideration of my petition for intervention in this case

Sincerely Timothy Shurtz
