**RE: CASE NO. PAC-E-07-5  
COMPLIANCE FILING - REVISED TARIFFS**

Rocky Mountain Power (RMP; Company) filed an Application with the Commission for authority to increase revenues from electric service on June 8, 2007. Commission Staff and a number of intervening parties participated in Case No. PAC-E-07-5, and reached an accord prior to the November 6, 2007 technical hearing. The Company presented a Stipulation, signed by all parties, to the Commission on the November 6 date. On December 28, 2007, the Commission issued Order No. 30482 approving the Stipulation, with the revised tariff schedules reflecting the approved rates with an effective date of January 1, 2008. RMP submitted as a Compliance Filing the revised tariffs to the Commission on December 28, 2007, for Staff review before final approval.

Staff has reviewed the revised tariffs to ensure that the new language reflects Commission directives as stated in Order No. 30482. The amended language reflects changes to retail rates, the Schedule 72A (Dispatchable Irrigation Load Control Credit Rider Program), and agreements made with Monsanto and Agrium. Staff confirms that the new language reflects the terms of the Stipulation approved by the Commission. Staff further evaluated the effective rates to ensure that the revenue generated reflected the increase in revenue approved in the Stipulation. Using the Company's Billing Determinants as submitted by Company witness Griffith (Exhibit No. 35), Staff has confirmed that the rates included in the submitted tariffs result in a revenue increase of 6.4%, and the increase in revenues is generated according to the terms of the Stipulation.

## COMMISSION DECISION

Based upon the Stipulation signed by all parties in the PAC-E-07-5 proceeding, and approved by the Commission in Order No. 30482, RMP has submitted revised tariffs reflecting the directives of the Commission. Staff has reviewed the tariffs and confirms that the new language and rates comport with Commission Order No. 30482. Does the Commission wish to accept the Company's revised tariffs as submitted on December 28, 2007, with an effective date of January 1, 2008?
