Please describe your comment briefly:

This comment is regarding the potential rate increase for Idaho natural gas and electric customers. I am opposed to the rate increase due to the cost of living going up and income going down, or staying the same. Many residents in Idaho live on a fixed income, or month to month, and do not have the means to pay for a higher rate. This may leave elderly, and children cold and without a basic need of warmth during the winter months. I am a concerned citizen and am requesting rates stay the same. Thank you, Bambi Lassen
