To whom it may concern,

Here we go again, asking for another raise in the rate for Avista Utility Company. Why cannot they do improvements and pay for them out of their profits, or, at least ask for increases that are in line with the cost of inflation??? 99% of the rest of us have to live within those means.

Over the years we have done many things to try and keep our power bills low and conserve energy. From florescent bulbs, to good insulation, insulated steel doors, double pane windows, high efficient appliances, no air conditioning, thermostat set to 64 degrees (F) maximum daytime and 60 degrees at night, high efficiency solar thermal hot water system, Quadra Fire wood stove, etc., and still each year the bill goes up. Is there no end to their insatiable rate increases??? It is not like there is a competitor that we can switch to. Please, as citizens of Idaho we ask you to do what ever you can to keep these annual rate increases as low as possible. How about one year of none. That would be a first I would think, and you would be our hero's.

Sincerely,

Tom Johnson + Diane Johnson

Please describe your comment briefly:

Sirs:

please! deny avista new rate increase of 10=11-12 they continue to use the same old reason of repairing 'old' intrastucture. This is insane.The corprate officers continue to recieve huge bonuses along with thier salary.We the people should not continue to have to be the ones who bare this...Please deny!!Thankyou for your time in this matter. enough is enough
