Service may be terminated prior to the expiration of the minimum contract period upon notice being given to the Company, and upon payment of any applicable termination charges, in addition to any applicable charges due for service which has been furnished.

In the case of service for which the minimum contract period is one month, termination will require that charges due for the balance of the minimum period be paid.

In the case of directory listings where the listing has appeared in the directory or where a non-listed or non-published listing has been properly omitted, the charges are due to the end of the directory period, except that in the following cases charges will be continued only to the date of the termination of the extra listing or proper omission with a minimum charge of one month.

Service may be terminated after the expiration of the initial contract period, upon the Company being notified and upon payment of all charges to the date of the termination of the service.

3. Termination of Service By The Company

For any of the following reasons, the Company may discontinue service upon at least 10 days' written notice or cancel an application for all services without incurring any liability. Separate accounts for the same Customer are also subject to this provision.

In the event that a Customer's bill remains unpaid after more than thirty days following the rendition of the bill.

Where the Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction.

The Company, by written notice to the Customer, may, without incurring any liability, cancel or suspend the provision of service or equipment for the following reasons: non-payment of any sum due to the Company from the Customer, whether pursuant to service offered under this price list or otherwise; or as a result of actions of a government agency which forces discontinuance of the provision of service or equipment; or for violation or threatened violation of any of the terms or conditions of this price list by the Customer or authorized user; or if the Customer becomes insolvent or bankrupt, or makes a general assignment for the benefit of creditors or as otherwise permitted by this price list. GENERAL RULES AND REGULATIONS (Continued)

I. PAYMENT FOR SERVICE AND FACILITIES

The subscriber shall pay for service and facilities monthly in advance, except all various units of government, and shall pay for Moves and Changes when billed. Failure to receive a bill does not relieve the subscriber of the responsibility for payment in accordance with the provisions set forth herein.

All bills for service are due and payable at the office of the Company on or before the fifteenth day following the post marked date of the statement of the month in which the bill is rendered.

J. SPECIAL SERVICES AND FACILITIES

Special services and facilities not ordinarily used in the furnishing of telephone service and not otherwise provided for by the Price List schedules of the Company may be furnished or leased pursuant to special contract for such special service or facility for such period as may be agreed upon, provided such special service or facility or the use made thereof is not unlawful and does not interfere with the telephone service furnished by the Company. Special services are provided for each individual application as a custom-engineered system to satisfy and provide for the needs of that customer. Applicable charges will be determined by the Company for each individual system. In the event any such special service or facility or the use made thereof interferes with the furnishing of the telephone service by the Company, the Company may terminate such contract and cease to furnish such special service or facility after thirty days written notice to the subscriber.

K. LIABILITY OF COMPANY

The included tariff language does not constitute a determination by the Commission that a limitation of liability imposed by the Company should be upheld in a court of law. Acceptance for filing by the Commission recognizes that it is a court's responsibility to adjudicate negligence and consequential damage claims. It is also the court's responsibility to determine the validity of the exculpatory clause.

L. CUSTOMER NOTICE

The Company will give at least 10 days notice to customers and the Idaho PUC before increasing rates or other changes. The notice to customers will be either individual notice or a public notice in the newspapers in Company's Idaho service areas.

CUSTOM CALLING FEATURES (CCF) (Continued)

DEFINITIONS

Call Waiting - a distinctive tone informs the telephone user that another call has been placed to his line. By briefly depressing the hookswitch, the user will be connected to the second caller while holding the first, subsequent depressions of the hookswitch will allow the user to alternate between callers.

Call Forwarding - permits transfer of all incoming calls automatically to any dialable number. The number can be selected by the customer each time Call Forwarding is activated or the call directed to the previously selected number. If the alternate location is not a free call the customer will be billed for each call forwarded.

Conference Calling - permits a telephone user to add a third party to an existing local or long distance call. It will also permit a telephone user to consult privately with a third party while holding the original call.

Speed Calling - permits placing local and long distance calls to preselected telephone numbers by dialing an abbreviated code. To add a number to the calling list the customer uses his own telephone.

Fixed Calling - after dial tone is obtained, if the caller does not commence dialing within a predetermined length of time, a call will automatically be placed to a number previously selected by the subscriber.
