BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

**IN THE MATTER OF THE APPLICATION OF)
NEW ACCESS COMMUNICATIONS LLC FOR A)
CERTIFICATE OF PUBLIC CONVENIENCE AND)
NECESSITY TO PROVIDE RESOLD LOCAL)
EXCHANGE SERVICES IN IDAHO.)**

CASE NO. GNR-T-01-07

MINUTE ORDER

On March 30, 2001, New Access Communications LLC filed an Application for a Certificate of Public Convenience and Necessity (CPCN) to provide resold local exchange services throughout Idaho in Qwest's and Verizon's service territories. On August 3, 2001, the Commission issued Order No. 28805 granting New Access Communications' request for a CPCN subject to the requirement that the Company provide evidence to the Commission of establishment of a \$40,000 bond. The Commission did not receive any evidence from the Company indicating establishment of the \$40,000 bond, therefore a CPCN was not yet issued to New Access Communications.

On August 17, 2007, New Access Communications filed a request to withdraw its CPCN due to the sale of all assets to First Communications LLC. New Access Communications states that it ceased operations in Idaho on March 1, 2007 and does not intend to provide telecommunications services in Idaho. Consequently, New Access Communications' Certificate of Public Convenience is considered cancelled and no further action is necessary.

DATED at Boise, Idaho this 22nd day of August 2007.
