BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

**IN THE MATTER OF THE APPLICATION OF)
COMPUTER INTELLIGENCE² INC. FOR A) CASE NO. GNR-T-02-19
CERTIFICATE OF PUBLIC CONVENIENCE)
AND NECESSITY TO PROVIDE LOCAL)
EXCHANGE TELECOMMUNICATIONS)
SERVICES.) COMMENTS OF THE
) COMMISSION STAFF
)**

COMES NOW the Staff of the Idaho Public Utilities Commission, by and through its Attorney of record, Weldon B. Stutzman, Deputy Attorney General, and in response to the Notice of Application and Notice of Modified Procedure issued in Order No. 29203 on March 10, 2003, submits the following comments.

On October 7, 2002, Computer Intelligence² Inc. (CI², Inc.) filed an Application for a Certificate of Public Convenience and Necessity to provide basic local exchange service within the State of Idaho. CI² Inc. proposes to initially provide service via an existing contract to the United States Army Reserve Command in Boise, Idaho Falls, Pocatello, Rexburg, and Twin Falls. The Company states that contracts with HUD and the U.S. Navy are imminent. The Company is a minority and woman-owned corporation certified under the Small Business Administration and incorporated in the State of Georgia. CI² has a Certificate of Authority

issued by the Idaho Secretary of State. The Company is headquartered in Atlanta, Georgia with an office in Washington, DC. CI² Inc. is the parent company of CI² Aviation, CI² Real Estate Corporation and Thacker Computer Intelligence² LLC.

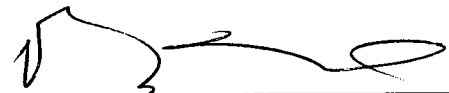

CI² is a technology and telecommunications solution provider that specializes in full service systems, engineering, integration and solutions. It resells local and long distance services. Its target population is federal, state and local governments, and in the near future the Company will target business customers, then residential customers. The Company proposes to resell Qwest services without using its own network facilities or unbundled network elements in areas currently served by Qwest Corporation.

CI² submitted all of the information required by this Commission to process its Applications, including an illustrative tariff and financial information. CI² submitted an unaudited balance sheet as of May 31, 2002 that shows the company is earning sufficiently to cover its liabilities. Its primary activity is selling services to the Government and involves very little risk. The Company's illustrative tariff appears to be in compliance and the Company has affirmed its intent to comply with Idaho's laws and rules. CI² agrees to comply with Commission Rules and does not require deposits at the present time.

STAFF RECOMMENDATION

Computer Intelligence² Inc. has complied with Idaho's Laws and Commission Rules governing issuance of a Certificate of Public Convenience and Necessity. Staff recommends approval of this Application.

Respectively submitted this 31st day of March 2003.

Weldon B. Stutzman
Deputy Attorney General

Technical Staff: Birdelle Brown
