) OF IDAHO

Pursuant to Rules 71 through 75 of the Commission's Rules, Citizens Telecommunications Company of Idaho, Inc. dba Frontier Communications of Idaho (Frontier) respectfully petitions the Commission for an order allowing Frontier to intervene and become a party in the above captioned docket. Frontier has a direct and substantial interest in the Proceeding for the following reasons:

1. On June 27, 2006 Inland Cellular filed a petition to be designated as an Eligible Telecommunications Carrier (ETC) with the Idaho Public Utilities Commission.
2. The petition filed by Inland Cellular requests ETC designation in portions of Frontier's Elk City and White Bird wire centers. Both of these wire centers are within the certificated territory of Frontier.
3. Frontier is an incumbent local exchange carrier certified by the Commission to provide telecommunications in Idaho. This Proceeding could have an impact on Frontier and its customers.
4. By virtue of Frontier's status as an incumbent local exchange carrier in Idaho, it will be able to advise the Commission on the potential impacts of the Proceeding on telecommunications customers and other telecommunications companies in Idaho.
5. Although Frontier is uncertain about the extent of its participation at this early stage of the Proceeding, Frontier's participation will not unduly broaden the issues or delay the adjudication process.
6. If Frontier is not allowed to intervene in the Proceeding, it will not be able to protect the interests of its customers or the company.

Copies of all filings, discovery and correspondence should be served on:
