June 21, 2001

Doug Cooley
Idaho Public Utilities Commission
Boise, ID

Dear Doug,

Midvale Telephone submitted new tariffs to the Idaho PUC which included an access tariff and a local tariff. The access tariff was approved and implemented shortly thereafter. The local tariff was approved by default.

Midvale and PUC Staff have since discussed several items which have yet to be resolved. In the interests of arriving at consensus on the local tariff, we request that the effective date be set for July 23, 2001.

Sincerely,

Karen J. Williams
