**SUBJECT: MOMENTUM TELECOM, INC.'S APPLICATION FOR A
CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY, CASE
NO. MNT-T-08-01**

On April 29, 2008, Momentum Telecom, Inc. filed an Application for a Certificate of Public Convenience and Necessity (CPCN). The Company requested authority to provide facilities-based local exchange and resold interexchange telecommunications services within the State of Idaho.

On July 21, 2008, the Company filed a Petition to Withdraw Application with the Commission. In the petition, the Company states that it "determined that its business plan requires a more robust application filing and therefore seeks to withdraw the one in the instant case." The Company also advises that it "will file a new application seeking certification in the near future." Consequently, this case should now be closed.
