IDAHO PUBLIC  
UTILITIES COMMISSION

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE PETITION OF )	Case No.	SIL-T-13-01
SILVER STAR TELEPHONE COMPANY, )		
INC. FOR AMENDMENT OF ITS )	PETITION FOR AMENDMENT OF	
CERTIFICATED SERVICE AREA )	CERTIFICATED SERVICE AREA	
BOUNDARY )	BOUNDARY	

Silver Star Telephone Company, Inc. ("Silver Star") hereby petitions the Commission for an Order approving this Petition for Amendment of Certificated Service Area Boundary. In support hereof, Silver Star states as follows:

Silver Star is a Title 61 regulated telephone corporation organized under the laws of the State of Wyoming, and is authorized to do business in Idaho and to provide basic and local exchange telecommunications services pursuant to a Certificate of Public Convenience and Necessity issued to it by the Commission.

Silver Star's principal place of business is in Freedom, Wyoming, where its main central office is located. Silver Star provides basic local exchange telecommunications services, MTS, transport services to interexchange carriers, special access services, broadband and other telecommunications services that its customers may from time to time request or require.

On July 6, 1953, the Commission issued Order No. 2312 granting Silver Star's application for a Certificate of Public Convenience and Necessity and simultaneously issued Silver Star Certificate No. 207, a copy of which is attached hereto as Exhibit A. Subsequently,

upon application by Silver Star and approval of the Commission, Certificate No. 207 was amended on August 30, 1960, on October 4, 1963 and on September 30, 1996. Copies of the Amended, Second Amended and Third Amended Certificates are attached hereto as Exhibits B, C, and D, respectively.

Following an internal review and audit, Silver Star is aware that the exchange boundary descriptions on file with the Commission are in conflict with the actual exchange areas served by Silver Star. This Petition requests correction of its certificated exchange areas to accurately reflect its service areas, as shown on Exhibit E. The corrected boundaries are not in the vicinity of any line, plant or system of any other public utility already constructed and, in fact,

Silver Star has served the areas within these boundaries since at least 1963 and continues to be willing to serve, and is best able to serve, the customers within the corrected boundaries.

A legal description for each of the amended certificated service area exchange boundaries being requested is attached as Exhibit F and G, respectively).

A compact disc containing the legal descriptions in Microsoft Word format accompanies this Petition.

The requested Certificate amendment will not affect the service area boundary of any other certificated telecommunications carrier, and will not injure or interfere with the operation of any line, plant or system of any other public utility already constructed.

Silver Star requests that all notices and communications concerning this Petition be directed to the following individuals at the addresses given below:

Ron B. McCue  
President and COO  
Silver Star Telephone Company, Inc.  
PO Box 226  
Freedom, WY 83120

Michelle Motzkus  
Legal & Regulatory Administrator  
Silver Star Telephone Company, Inc.  
PO Box 226  
Freedom, WY 83120

WHEREFORE, Silver Star Telephone Company, Inc. respectfully requests an expedited Order of this Commission granting the amendment to Certificate No. 207 to incorporate boundary correction adjustments, as described in Exhibits F and G attached hereto, and granting such further relief as the Commission deems just, reasonable and necessary.

REQUEST FOR MODIFIED PROCEDURE

Because this Petition seeks minor boundary changes, and will not affect the service area boundary of any other certificated telecommunications carrier, and will not injure or interfere with the operation of any line, plant or system of any other public utility already constructed, Silver Star further respectfully requests that this Petition proceed under Rules 201-204 of the Commission's Modified Procedure Rules 201 through 210.

Dated this 6<sup>th</sup> day of February, 2013.
