WORKING FILE**

FROM: CHRIS HECHT

DATE: JANUARY 13, 2014

**RE: CASE NO. TRH-W-13-01
COMPLIANCE FILING – TARIFF**

As part of the Idaho Public Utilities Commission Order No. 32958, the Commission directed Troy Hoffman Water Corporation, Inc. to submit revised tariffs in compliance with the rates and charges identified in the Order and to revise its General Rules and Regulations. Staff has been working with the Company to update parts of its Tariff. The Company has submitted a new Rate Schedule 1, Recurring Charges, Rate Schedule 2, Non-Recurring Charges, and a copy of page 6 of its General Rules and Regulations - Section 6 Billing and Payment.

In addition to the specific changes approved in the Commission's order, there also is a revision to Paragraph 6.5. This revision is to amend the paragraph to reflect the Company's policy of pro-rating the customer charge when the actual period of service provided to a customer is for less than a full billing period. The Staff believes there is good cause for the Commission to approve this change on less than 30 days notice per Idaho Code § 61-307.

Staff confirms that the new tariff language and Schedule 1, Recurring Charges, Schedule 2, Non-Recurring Charges, and the General Rules and Regulations comply with Commission Order No. 32958 and the Commission's Rules and Regulations. Staff recommends approval of the Tariff with an effective date of January 1, 2014.

COMMISSION DECISION

1. Does the Commission wish to approve the tariff revisions approved in the rate case Order with an effective date of January 1, 2014?
2. Does the Commission find there is good cause to approve the revised language in Paragraph 6.5 on less than 30 days notice with an effective date of January 21, 2014?
