YOU ARE HEREBY NOTIFIED that on April 23, 2007, United Water Idaho Inc. (United Water; Company) filed an Application with the Idaho Public Utilities Commission (Commission) requesting authority to amend and revise its Certificate of Public Convenience and Necessity No. 143, as amended, to include an area located on McDermott Road in Canyon County, Idaho identified as Britannia Heights. The Britannia Heights subdivision is located in the vicinity of United Water's Belmont Heights service area. The Application of the Company includes a legal description and map of the Britannia Heights subdivision.

The developer of Britannia Heights, Patriot Capital Partners LLC, has requested that United Water extend domestic water service facilities to the area and United Water has determined it has the capability to provide service. Water service facilities will be extended to the area pursuant to United Water's Rules and Regulations governing extensions.

As represented in the Company's Application, the proposed development of Britannia Heights is not within the authorized service territory of any other water utility under the jurisdiction of the Commission nor, it states, will it interfere with the operations of any such utility. United Water further contends that the City of Nampa, Idaho, a municipal water provider with facilities in the vicinity of Britannia Heights, has consented to service by United Water. United Water submits that the extension into this area is consistent with the public convenience and necessity.

YOU ARE FURTHER NOTIFIED that the Commission has reviewed the filings of record in Case No. UWI-W-07-03 and has preliminarily found that the public interest in this matter may not require a hearing to consider the issues presented, and that issues raised by the
