**NEWS RELEASE:** Commission schedules public workshop on proposed Avista natural gas, electric rate increases and will consider proposed settlement

**BOISE (June 15, 2021)** – The Idaho Public Utilities Commission will host a public workshop on Wednesday, June 16, to share information on a proposed rate increase for Avista natural gas and electric customers in Idaho.

The public workshop is on June 16 and begins at 7:00 p.m. (MDT). Those interested in attending and learning more about Avista's application can call 1-415-655-0001, and enter meeting number 133 194 8246. Participation also can be done online by visiting [idahogov.webex.com](http://idahogov.webex.com), and entering meeting number 133 194 8246. At the next window, please enter your name, e-mail address and this password: June16Meeting.

Parties to the case have proposed a settlement with a two-year rate plan that, if approved by the Idaho Public Utilities Commission, would allow Avista to increase annual base electric revenues by \$10.6 million, or 4.3 percent, effective Sept. 1, 2021, and increase annual base electric revenues by \$8.0 million, or 3.1 percent, effective Sept. 1, 2022.

For natural gas, the parties agree that Avista should be allowed to decrease natural gas base revenue by \$1.6 million, or 3.7 percent, effective Sept. 1, 2021, and increase natural gas base revenue by \$0.9 million, or 2.2 percent, effective Sept. 1, 2022. Through the settlement agreement, the parties also agree to return to customers available tax credits of approximately \$31.3 million for electric over the two-year rate plan and \$12.1 million for natural gas over 10 years.

If the settlement is approved, a residential electric customer using an average of 892 kilowatt hours per month would see a billed increase of \$0.49 per month, or 0.6 percent, effective Sept. 1, 2021, and a billed increase of \$0.31 per month, or 0.4 percent, effective Sept. 1, 2022. A residential natural gas customer using an average of 63 therms per month would see a billed decrease of \$2.30 per month, or 4.6 percent, effective Sept. 1, 2021, and a billed increase of \$0.76 per month, or 1.6 percent, effective Sept. 1, 2022.

Avista's original proposal called for an increase in rates for electric customers and natural gas customers over a two-year period. In the first year, Avista proposed to increase electric revenues by \$24.8 million, or 10.1 percent, and natural gas revenues by \$0.1 million, or 0.1 percent, beginning Sept. 1, 2021. In the second year, Avista originally requested an increase of \$8.7 million, or 3.2 percent, for electric customers, and \$1 million, or 2.2 percent, for natural gas customers. Avista's original request also proposed to offset the proposed rate increases with available tax credits, similar to the settlement agreement.
