**NEWS RELEASE:** Commission schedules virtual public workshop on proposed Picabo Water System rate increase

**BOISE (Aug. 3, 2021)** – The Idaho Public Utilities Commission will host a virtual public workshop on Aug. 11 to share information on an application from Picabo Water System to increase its rates for residential and commercial water customers.

Picabo Water is asking for approval to increase its winter residential flat rate from \$22 per month to \$33 per month, its summer flat rate from \$41 per month to \$62 per month and its commercial flat rate from \$37 per month to \$55 per month. The company proposed a May 1, 2021, effective date for the new rates. The commission suspended that date.

The virtual workshop is on Wednesday, Aug. 11, at 7:00 p.m. (MDT). Staff with the Idaho Public Utilities Commission will provide an overview of Picabo’s application and an analysis regarding how the proposed rate increases would affect customers. Staff also will be available to answer questions.
