BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE APPLICATION OF IDAHO POWER COMPANY TO STUDY THE COSTS, BENEFITS, AND COMPENSATION OF NET EXCESS ENERGY SUPPLIED BY CUSTOMER ON-SITE GENERATION

CASE NO. IPC-E-18-15

PETITION OF ROCKY MOUNTAIN POWER FOR LEAVE TO INTERVENE

COMES NOW, PacifiCorp, dba Rocky Mountain Power, and pursuant to Rules 71 through 73 of the Rules of Procedure of the Idaho Public Utilities Commission (the “Commission”), hereby petitions the Commission for leave to intervene and participate as a party in the matter captioned above.

The grounds for the petition are as follows:

1. Rocky Mountain Power is a division of PacifiCorp. PacifiCorp is an Oregon corporation that provides electric service to retail customers through its Rocky Mountain Power division in the states of Idaho, Utah, and Wyoming, and through its Pacific Power division in the states of California, Oregon, and Washington.

2. Rocky Mountain Power is authorized to do business in the state of Idaho as a public utility providing retail electric service to approximately 77,000 customers. Rocky Mountain Power is a public utility subject to the jurisdiction of the Commission pursuant to Idaho Code § 61-129.
3. Rocky Mountain Power and its customers have significant interest in the above-captioned matter and their interests may be substantially affected by the outcome of this proceeding through the potential establishment of new policies. Without the opportunity to intervene herein, Rocky Mountain Power would be excluded from participating in the lawful determination of the costs, benefits, and compensation of net excess energy supplied by customer on-site generation and related issues that could set a precedent for its own treatment of these and related issues. In addition, Rocky Mountain Power could also provide information that would aid the Commission in evaluation of the evidence in this proceeding.

4. Rocky Mountain Power’s intervention and participation in this matter will not materially impair the prompt and orderly conduct of this proceeding. If intervention is authorized Rocky Mountain Power would not seek access to any confidential material Idaho Power may deem proprietary. Rocky Mountain Power requests that copies of all notices and filings in this docket be served on:

WHEREFORE, Rocky Mountain Power respectfully requests that the Commission approve Rocky Mountain Power’s leave to intervene in this proceeding and to appear and participate in all matters as may be necessary and appropriate; and to present evidence, call
and examine witnesses, present argument, and otherwise fully participate in the above-captioned docket to the full extent allowed by law.

Dated this 23rd day of November 2018.

Respectfully submitted,
